Allegan Response Area Agreement

2nd Quarter Operations Summary April, May, June 2018

Life EMS is committed to excellence in the communities we serve. We believe the information contained in this report is indicative of our pursuit of excellence and quality as a provider of emergency medical services.

This report reflects Life EMS responses for the five municipalities covered by the Allegan Response Area Agreement for the months of April, May and June 2018. In addition it provides a brief comparison between the 2018 and 2017 data sets to highlight annual changes and trends.

In the first quarter of 2018 Life EMS Ambulance responded to 382 pre-hospital requests for service in the five municipalities covered by this agreement. This resulted in 294 total transports. Our aggregate on time performance for priority one life threatening emergencies was 97% with an average response time of 5 minutes and 46 seconds. By way of comparison, our 2017 2nd quarter responses totaled 441 requests resulting in 338 transports with a priority one on time performance of 99%.

We provided 166 inter-facility transports from Allegan General Hospital and 136 wheelchair van trips throughout the community. This compares to 169 inter-facility ambulance and 135 wheelchair transports in the 2nd quarter of 2017. Both Inter-facility ambulance volume and wheelchair volume have remained essentially unchanged in comparison to the previous year.

Life EMS responded to 67 mutual aid requests in the 2nd quarter of 2018 resulting in 51 transports. In comparison, during the 2nd quarter of 2017 we received 39 mutual aid requests resulting in 29 transports.

This quarter we were requested 218 times to sit post as coverage for other EMS agencies. This resulted in 151 hours in which we adjusted our staging to assist other communities. This is nearly identical to 221 posts and 151 hours in the 2nd quarter of 2017. Life EMS continues to carefully evaluate the staging of our ambulances to ensure that adequate coverage remains for our communities during these request times.

Ensuring clinical excellence in the pre-hospital arena is something that the Life EMS quality improvement team continually strives for. Through engagement in various initiatives we work to keep our EMT's and paramedics invested in clinical care and focused on patient outcomes. Recently Life EMS has been working with the Allegan County Medical Control Authority (ACMCA) to bring about a paramedic and EMT credentialing protocol. Life EMS has a history of setting a high performance bar and then re-defining such a bar to ensure continual progress and growth. This new protocol will set the standard for Allegan County for the next several years and Life EMS has not only been supportive of its development but integrally involved.

The new credentialing protocol ensures consistent training expectation along with initial, and continuing educational standards throughout Allegan County for medical first responder (MFR), emergency medical technician (EMT), advanced emergency medical technician (AEMT) and paramedic levels. Paramedic level providers are now required to have and maintain advanced cardiac life support (ACLS), pre-hospital trauma life support (PHTLS), and emergency pediatric care (EPC). Even further the

standard now delineates between a newer paramedic (paramedic I) and an experienced paramedic able to function with an EMT (paramedic II).

ACMCA is allowing providers a year to train staff up to the new standards. At Life EMS our pre-hospital providers not only meet the new clinical standards but continue to exceed them. In this operation we also require BDLS for all provider levels and trauma / pediatric certification courses for basic EMT level providers. In addition, the Life EMS field training program ensures patient contact levels that consistently exceed the requirements established by ACMCA ensuring that our new providers have a well-rounded patient experience pool to draw from when released from training and credentialed in Allegan County.

Transitioning from clinical care to community care we find that Life EMS Ambulance participated in 17 community-related activities during the second quarter of 2018. Among these events both “Boomer Bash” and “Career Day” merit additional highlighting.

Boomer Bash is a free event designed to promote health and wellness for those aged 55+, and is open to Allegan county residents as well as those in adjacent counties. This year’s bash took place on June 7th at the First Baptist Church in Allegan and Life EMS Ambulance was proud to be an ongoing sponsor for this one-of-a-kind get together along with many other community partners including Allegan General Hospital. Themed “The Golden Age of Entertainment”, this year’s event hosted approximately 300 participants who were able to enjoy:

- Workshops promoting healthy choices and active lifestyles
- Health screenings provided by Allegan General Hospital
- Access to a variety of community resources ranging from medical needs to social opportunities
- Entertainment and Social Interaction with Peers
- Complimentary continental breakfast and lunch

In addition to our support through sponsorship, associates from Life EMS Ambulance’s Allegan base were onsite offering medical standby and assistance as needed. As the largest users of our service, the health and welfare of our older adults is important and we are pleased to demonstrate our on-going commitment to this fun, informational, and beneficial event in Allegan County.

Career Day is an event designed to expose school-age children to a variety of occupations in order to build awareness and interest in the younger generations. As in years past, Life EMS attended Career Day at North Ward, West Ward, and Pine Trails elementary schools providing ambulance tours and information on the EMT and Paramedic career paths to future workforce members. We continue to believe that through raising awareness of public servant professions such as emergency medical services we can continue to build a workforce for the future.

Finally we find that Kimberly Middleton, Community Relations Coordinator at Life EMS has been hard at work preparing for another consistent area of community contribution in the form of Camp 911. Camp 911 is an outstanding FREE educational program that gives children aged 9-11 the knowledge, skills, and confidence to protect themselves and react safely in emergency situations. We currently have 6 camps scheduled to take place within our Southern operation in the upcoming weeks. The Allegan camp is set for July 19 from 9am-4pm at the Allegan High School Tiger’s Den and has 40 children registered to attend which is a significant increase from 26 children last year at this time. A new addition to the Allegan County camp this year is a tour of Allegan General Hospital’s lab and blood bank where participants will enjoy a “germ talk” breakout session that provides them an opportunity to learn about germs, the spread of illness, and the basics of infection prevention / control through simple techniques such as handwashing.

As this report demonstrates, Life EMS has an unwavering commitment to provide the best pre-hospital advanced life support to the communities we are entrusted with. We continue to improve, learn, and grow. We look forward to the continued partnerships of the Allegan group and consider it a privilege to serve a community of which we are an integral part. Our compassion for people, skill to deliver timely care, and drive to succeed is at the heart of what we do every day at Life EMS. Thank you for allowing us to demonstrate this to you the communities we partner with.
